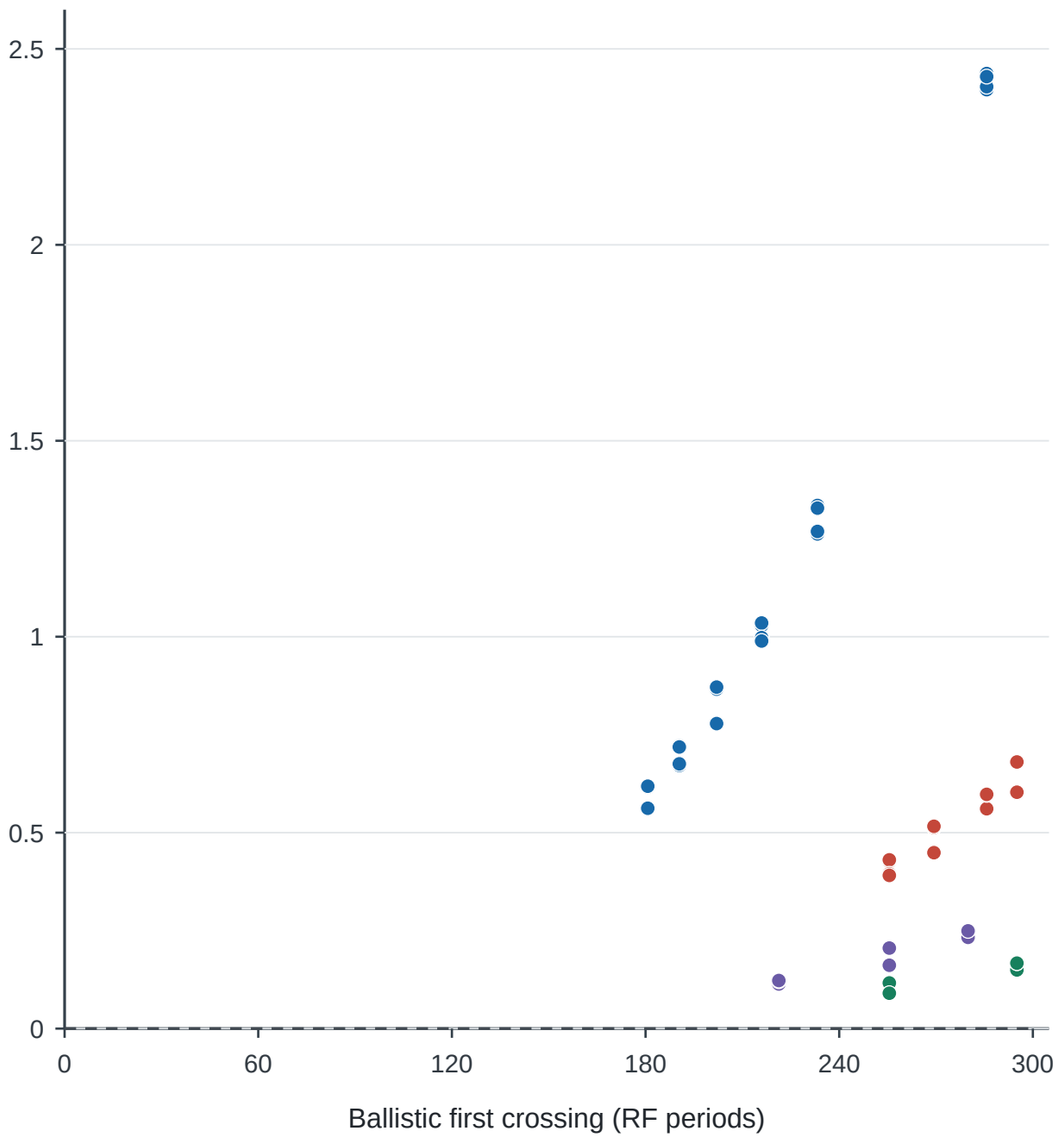
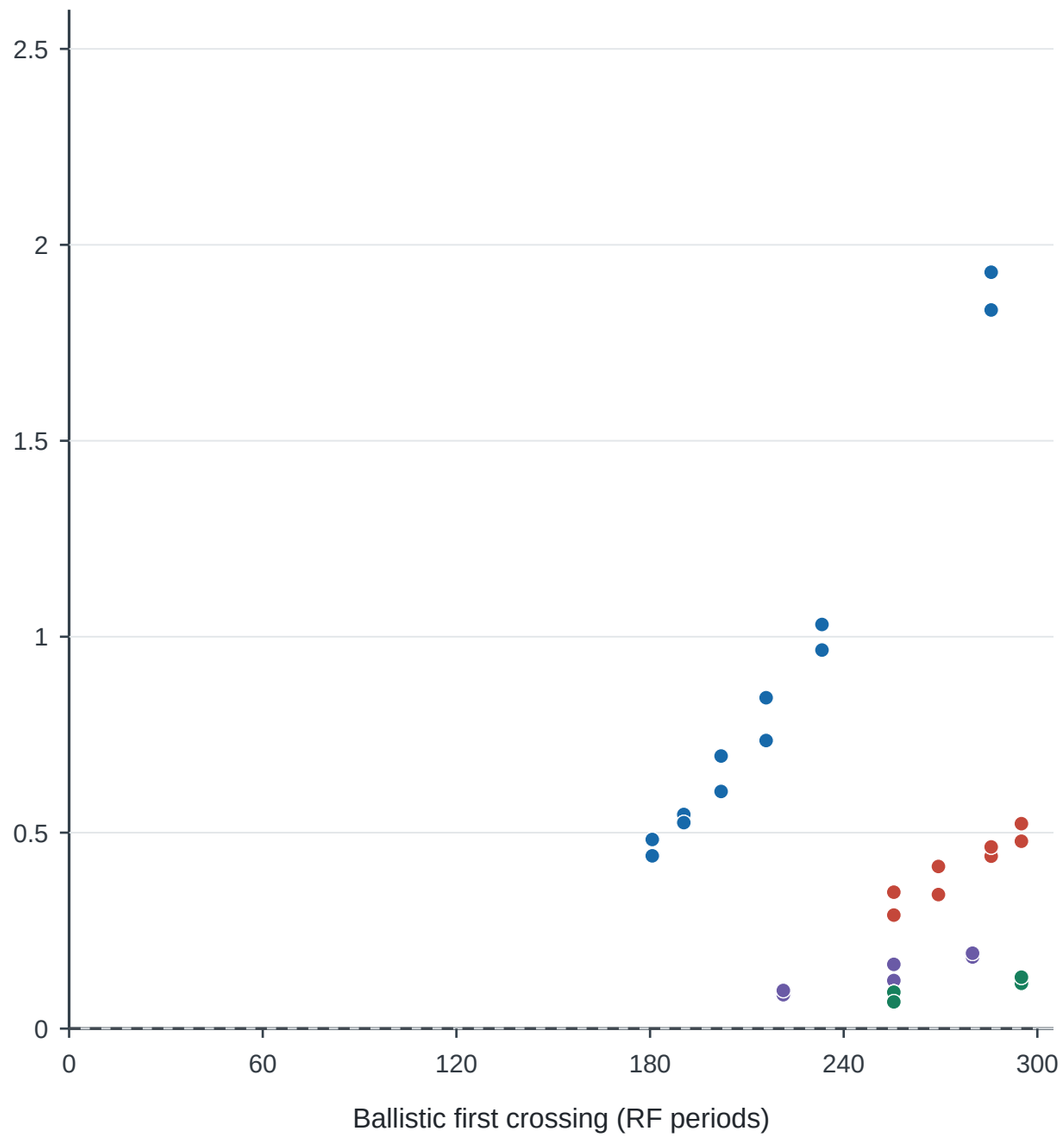
Rotating



Both escaped: n=240; RF escaped/free retained: n=114

RF-retained escape times are censored, not set to 300.

Standing



Both escaped: n=240; RF escaped/free retained: n=124

RF-retained escape times are censored, not set to 300.

50 kTh 100 kTh 150 kTh 200 kTh

Points show matched cases with finite escape times in both systems; no RF-retained value is imputed.
